

TABLE OF CONTENTS
 2019 Facility Plan for Municipal Wastewater System
 Granby, Missouri

	<u>Page</u>
I. PROJECT PLANNING.....	1
A. Location	1
B. Climate	1
C. Soils.....	1
D. Topography	1
E. Population Trends.....	2
F. Wastewater System Capacity	2
G. Community Engagement.....	2
II. EXISTING FACILITIES	3
A. History of Wastewater Collection and Treatment Facilities	3
B. Description of Treatment Plant and Collection System	10
C. Condition of Existing Facilities	17
D. Financial Status of the Municipal Wastewater System	22
Appendix to Section II	
Aerial View of Plant	
Statements of Revenues & Expenses, FYE 6/30/17 & FYE 6/30/18	
Statements of Cash Flows, FYE 6/30/17 & FYE 6/30/18	
Note D – Long Term Debt	
Potable Water Usage, 2017 & 2018	
Listing of Sewer Billings, July 2018 through June 2019	
WWTP By-Passes & Sewer System Overflows, Jan 2018-Jun 2019	
NPDES Monthly Monitoring Reports, Jan 2017 through Jun 2019	
Missouri State Operating Permit, No. MO-0107581, City of Granby	
III. NEED FOR PROJECT.....	24
A. Environment Concern	24
B. Regulatory Concern	24
C. Age of Wastewater System	24
D. Capacity for Community Growth.....	24
IV. ALTERNATIVE SOLUTIONS & RELATED ESTIMATES OF COST	
Plan A – Peak Flow Detention Basin Plus Selected Improvements	25
Exhibit 1-Plan A, Peak Flow Detention Basin	
Exhibit 1A Plan A, Lift Station Modifications	
Plan B – Convert Plant to Extended Aeration with Clarification	28
Exhibit 2-Plan B, Extended Aeration with Clarifiers	
Plan C – Irrigation of Treated Plant Effluent.....	30
Exhibit 3-Treated Effluent Irrigation	
Appendix C, OMB Circular No. A-94 (Revised November 2018)	
V. PRESENT WORTH COMPARISONS	32
VI. RECOMMENDED PLAN and PROPOSED PROJECT	33
